Debbie and Liz:

Ruth George with NJTV contacted me Thursday. They wanted an on camera interview today (Friday). Not possible. Suggested Tuesday to come to site (a number of EPA folks are in Newark Tuesday for CAG meeting and could meet earlier in the day) and suggested covering the CAG meeting. She wanted Monday once I told her Liz Butler could meet her there at 2 PM Monday.

I requested, but have not received, advance questions or topic areas for Liz to work with, but Liz is a pro and can handle a wide range of questions without a doubt.

Ruth George's number is 973-233-8845. That is the only number I have for this gig.

Directions to Lister Avenue site: It is 80 - 120 Lister Avenue. Do you need directions? Perhaps a confirmation with NJTV would be wise. I can reach out Monday AM to Ruth George.

Dave
Desiree Taylor from NJTV contacted me to conduct an interview this coming Monday. I understand that she will be meeting someone at the Diamond Alkali site Monday at 2pm and I would like to meet up with her at the site at 1:15pm. Is that OK? Also, if so, do you have directions? Thanks, Debbie
